

SCOTT CARRUTHERS BROOKS
January 2006

Environmental Sciences Division
Oak Ridge National Laboratory
P. O. Box 2008, MS 6038
Oak Ridge, TN 37831-6038

Phone: 865 - 574 - 6398
FAX: 865 - 576 - 8646
email: brookssc@ornl.gov

Education:

- 1995 University of Virginia. Ph.D. Environmental Sciences. Program focus: low-temperature geochemistry, environmental microbiology, hydrology. Dissertation: Geochemical and Microbiological Controls on Cobalt Mobility.
- 1991 University of Virginia. M.S. Environmental Sciences. Thesis: Influence of Inoculation with *Phanerochaete chrysosporium* Burds. on the Fate of Polynuclear Aromatic Hydrocarbons in Soils.
- 1984 University of Virginia. B.A. Psychology. Focus of major: neurobiology and physiology of memory.

Research Interests: Biogeochemistry of advecting fluids in the subsurface; geochemical factors influencing the fate and transport of solutes; microbially mediated geochemical changes in groundwater; geochemical constraints on bacterial activity in soils and groundwater; influence of physical, chemical, and mineralogical heterogeneities on the rates and equilibrium of reactions.

Research Experience

- 2004 – Present: **Senior Scientist**, Oak Ridge National Laboratory, Environmental Sciences Division.
- 1997 - 2003: **Research Staff Scientist**, Oak Ridge National Laboratory, Environmental Sciences Division.
- 1994 - 1997 **Postdoctoral Research Associate**, Environmental Sciences Division, Oak Ridge National Laboratory. Under the direction of Dr. Philip Jardine.
- 1991 - 1994 **Research Assistant** on project funded by the Co-contaminant Chemistry Subprogram of the Subsurface Science Program, sponsored by the U. S. Department of Energy. Responsible for the design and completion of original research on the biogeochemistry of mixed wastes in the subsurface. Active in the instruction and supervision of undergraduate research interns.
- 6/89 - 7/91: **Research Microbiologist**, part-time, Hydrosystems, Inc., Sterling, Virginia. Designed and conducted bioremediation feasibility study for the L. A. Clarke Superfund Site. Prepared final report for submittal to Hydrosystems and the U. S. Environmental Protection Agency.
- 6/90 - 11/90: **Research Assistant** on project funded by Virginia Department of Waste Management. Responsibilities included sampling soil, sediment, and water from the Commonwealth of Virginia Emergency Fuel Storage Facility and analyzing the samples for petroleum hydrocarbons.

Teaching Experience

Spring 1992 Teaching Assistant for Quantitative Contaminant Hydrogeology. Responsible for the instruction of graduate-level lab section of class including set up of physical demonstrations and instruction in the use of numerous computer models (WATEQ4F, PHREEQE, MOC, BIO1D).

1984 - 1988 Science teacher, Collegiate School, Richmond, Virginia.

Professional Service and Affiliations

Associate Editor, *Water Resources Research*

Member, American Geophysical Union

Member, American Chemical Society, Environmental Chemistry and Geochemistry Divisions

Member, Sigma Xi
